Goulston & Storrs Elects Martin M. Fantozzi Co-Managing Director

Boston – April 1, 2009 – Martin M. Fantozzi, a Director with over 15 years of experience focusing on litigation matters, has been elected co-managing director of Goulston & Storrs. Marty joins co-managing director, Douglas M. Husid, and is assuming the role formerly held by Kitt Sawitsky, who successfully guided the firm with Doug for nearly a decade. Kitt will continue as Co-Chair of the Firm’s Business Group.

“Marty’s election followed Goulston’s consensus driven approach to decision making involving the entire partnership. This level of involvement resulted in unanimous agreement that Marty was the ideal choice, and I’m excited to have him join me in this role.” said Doug Husid, Co-Managing Director.

Marty Fantozzi said, “I’m looking forward to working closely with Doug as we address the challenges of leading through this difficult economy. I am confident that we will continue to provide the highest level of service to our clients.”

Kitt Sawitsky practices general corporate and business law. He said, “I’m proud of what Doug and I have accomplished together. I’ll take the lessons learned during my tenure as co-managing director with me as I assume my new role. I have complete confidence in Marty’s leadership abilities, and wish him every success in this important role.”
