

Loan Portfolio Services

At Goulston & Storrs, our experience with complicated loan portfolio transactions predates the current economic downturn. The team's extensive depth and experience with real estate and commercial loan portfolios has earned the trust and respect of a wide range of financial institutions by handling billions of dollars in loan acquisitions and dispositions during periods of turbulence. We also represent a number of private equity groups and opportunity funds on a variety of distressed real estate opportunities. These capabilities are complemented by our experience and national reputation in corporate finance, commercial real estate, workouts and bankruptcy. Our Loan Portfolio Services group is multi-disciplinary and includes our most experienced attorneys from several practice groups, including Commercial Finance, Corporate, Bankruptcy & Restructuring, Environmental, Real Estate, Retail and Litigation.

We understand both the buy and sell-sides of managing large loan portfolios. We oversee all aspects of the transaction and coordinate the key players involved in the deal. Our due diligence process focuses on analyzing, integrating and managing only the relevant information. Our focus on critical components helps the portfolio to be acquired or disposed of quickly.
