

How a Major League Baseball lockout would work this winter

November 1, 2021

The Athletic

When labor experts discuss strikes and lockouts, they often refer to them as “weapons.”

Just as a strike is typically the most powerful tool available to workers in a labor dispute, a lockout is the strongest available to management. And while there are some technical differences between lockouts and strikes aside from the initiating party, both have a shared result: work stops.

Chair College Sports Law Practice & Director [Martin Edel](#) is quoted in an article by The Athletic.
