

Reaching Millennials: The Need for True Transparency in Supply Chains

August 24, 2018
New York Law Journal

"Millennials are expected to inherit approximately \$30 trillion in assets over the next 30 to 40 years and this transition of wealth will bring widespread changes in investing and consumer behaviors. When it comes to investing, millennials will look to companies that meet their social and environmental concerns and shun businesses that engage in unethical activity such as human trafficking."
